**The pro-life organization American Life League (ALL) recently completed its annual survey of Planned Parenthood locations, giving Americans a better idea of the extent to which Planned Parenthood is shutting its doors across the United States.** ALL Executive Director Jim Sedlak explains, “We are happy to report that they closed 27 more facilities in 2016, and they only opened eight new ones—so a net loss of 19 Planned Parenthood facilities in 12 months. That’s the way we like to see it go ... They’re now down to 624 facilities across the country from a high of 938—so they’ve lost one-third of their facilities,” Sedlak pointed out. Planned Parenthood received more than \$553 million in federal funding for the current budget year, yet the number of health services it provides has been decreasing annually. (*CLR LifeWire*, 12/29/16)

**CTV news has reported that 744 adults have been killed by euthanasia in the six months since it was legalized across Canada.** The news channel surveyed provincial and territorial health ministries to gather the most comprehensive picture of “assisted dying” in Canada to date. The numbers show that, on average, four Canadians per day had medically assisted deaths between June 17 and December 16, 2016. In Ontario, there are now approximately 13 people killed by euthanasia every week. (*SPUC*, 12/30/16)

### Speaking Up For Life

“Should there be a line that determines when humans have value? Some say it’s at viability ... when there’s a heartbeat ... at birth. Some even argue that the ability to reason should be the dividing line, which would making killing infants okay, too. These lines we draw are so arbitrary, meaningless ... Human beings are valuable because we are human beings. And it’s as plain and simple as that.” *Micaiah Bilger, Pennsylvania Pro-Life Federation*

“Lincoln recognized that we could not survive as a free land when some men could decide that others were not fit to be free and should be slaves ... Likewise, we cannot survive as a free nation when some men decide that others are not fit to live and should be abandoned to abortion.” *President Ronald Reagan in “Abortion and the Conscience of the Nation,” The Human Life Review, 1983*

“The greatest irony of Jesus’ life is the more Jesus loved, the more Jesus forgave, the more He was hated.” *Rev. Paul Koelpin, Professor of History, Theology at Martin Luther College, New Ulm, Minnesota*

## In Memoriam: Jean Garton

Lutherans For Life mourns the death of our dear sister, Dr. Jean Garton. Dr. Garton became a leader in advocating respect and protection for every human being following the *Roe v. Wade* Supreme Court decision. She served instrumentally in the formation of Lutherans For Life in 1978 and accepted the position of its first president.

She recently led an energetic presentation at our Lutherans For Life National Conference this past October based on the theme “Here We Stand” and there received the Dominus Vitae award in honor of her lifelong, Gospel-motivated labors to affirm God’s gift of life. Her acclaimed and influential book *Who Broke the Baby?* is entering its third edition of publication.

The entire nationwide Lutherans For Life community, even in our grief, gives enthusiastic thanks to our Lord and Savior Jesus Christ for Jean’s faith, compassion, wit, courage, and work.

Dr. Jean Garton entered her Heavenly Father’s eternal glory on the morning of December 23, 2016, following a brief illness.

Memorials may be made in her memory to:

- the Dean Paul Garton Memorial Endowment Fund (which benefits married seminary students in need of financial assistance), Concordia Seminary, 801 Seminary Place, St. Louis, MO 63105.
- Friends in Christ Lutheran Church, 4305 Highway 5 N., Bryant, AR 72019.
- Saline Memorial Hospice, 1 Medical Park Drive, Benton, AR 72015.
