**The Trump administration announced on November 7 the release of two final rules to protect Americans from being forced to subsidize abortion in government-mandated health insurance plans ...** One of the rules covers conscience objections on the basis of “sincerely held religious beliefs,” while the other protects small businesses and nonprofits with non-religious moral objections. (*LifeSiteNews.com, 11/8/18*)

**A former nurse in Germany who confessed last year to two murders went on trial again in November, admitting he killed another 100 hospital patients by injecting them with drugs and trying to revive them.** Niels Högel, 41, is currently serving a life sentence for the two murders ... The goal of the court trial, Judge Sebastian Bührmann said, was to determine the full scope of the murders that were allowed to go unchecked for years ... The youngest of his victims was 34 and the oldest was 96. Prosecutors said Högel injected the patients in order to demonstrate his medical skills or out of boredom. The police investigation determined the ex-nurse likely murdered 322 patients. That number could not be verified since more than 100 of the patients were cremated. **Speaking Up For Life**

“As we bask in the glow of God Himself choosing, from His freedom and through His immeasurable power, to sanctify every aspect and moment of human life by taking flesh, passing through every stage of human growth and development, and sanctifying each of those moments, let’s do the very hard work of taking our faith seriously and, knowing God loves us and will always forgive every sin, let’s winsomely and gently live in such a way we show the world a better way.” *Fr. Barnabas Powell, Cumming, Georgia*

“The hinge of history can be found on a Bethlehem door.” *Evangelist J. John*

“God gave you what you couldn’t do for yourself. What a great Christmas gift you have in the unconditional forgiveness of your sins through the person and work of your Savior Jesus Christ! Thank You, God!” *Rev. Mark Jeske, (www.timeofgrace.org)*

# The Miracle of Meagerness

“She gave birth to her firstborn son. She wrapped him in strips of cloth and laid him in a manger because there wasn’t any room for them in the inn.”

GOD’S WORD

## Is Christmas Miraculous? Was Jesus’s Birth Miraculous?

Jesus was born just like the rest of us. There was pain and blood and perhaps a queasy Joseph.

### The Miracle Happened Nine Months Earlier

The miracle happened when “the power of the Most High” overshadowed Mary and she conceived the Son of God. After this incredible miracle, Jesus implanted in Mary’s uterine wall and developed and grew there as we all did in our own mother’s womb. Jesus’s humanity there speaks of our humanity there. His birth occurred as did all births before and after—nothing miraculous about it. Or was there?

### The Miracle of Meagerness

The miracle of Jesus’s birth is seen in the completely unmiraculous nature of it all. The miracle of Christmas is the meagerness of Christmas. It is not a mansion, but a manger, where God’s Son lays His head. It is not in the holy city of Jerusalem, but in the rather unholy village of Bethlehem, where God makes His earthly debut. The miracle of Christmas is that God would come at all into a world that had rejected Him. But He did. And He did so in a way that excludes neither lowly shepherds nor stately kings from His presence. A Savior lying in a manger is a Savior for all—born and unborn, healthy and frail. What a miracle!
